MEMORANDUM FOR THE ESTIMATES GROUP, ORE

FROM: WESTERN EUROPE BRANCH

SUBJECT: ORE 64

REFERENCE: (a) ITS MEMORANDUM OF 24 DECEMBER 1947
ENCLOSING CRITICISM OF ORE 64.

Reference (a) is hereby returned because its
vague substance and uncertain representation of departmental
authority render it entirely unacceptable.

No useful purpose is discernible in the conference
concerning Reference (a) and the suggestion is therefore
rejected because the cautious attitude which has become
characteristic of OIR offers no basis for fruitful negotiations.

Enclosed, are two (2) copies of WE's final draft
of ORE 64 which represents the coordinated views of CIA, Army,
Navy and Air, the last three of which are enthusiastic about
CIA's estimate.

In view of the foregoing, it is strongly recommended
that a copy of ORE 64 be forwarded to the Department of State,
for such action as it may deem advisable, with a request that
the anticipated dissent be in ORE's hands not later than
7 January 1948 since publication will then have been delayed by
the Department of State for thirteen (13) days over and above
the time allotted to all supporting agencies.
